

Price Like a Professional — The Rate Floor

Today you find the number below which every appointment costs you money — then you stop quoting below it.

1 • MONTHLY COST OF BEING YOU

LINE ITEM	\$ / MONTH
Product, tools, kit	
Rent / travel / studio	
Insurance, education, software, fees	
Your salary (the one you'd accept from an employer)	
Total	

2 • THE FLOOR

Total ÷ hours you actually serve clients each month = your rate floor. Write it big:

3 • TONIGHT'S ACTION

- ☐ Compare your three most-booked services to the floor.
- ☐ Correct the worst offender's price before you sleep.
- ☐ Write tomorrow's quote sentence — no apology clause.
